Tweets

The image shows a black smartphone with its screen displaying a Twitter feed. The phone's home screen is visible at the top, featuring a camera icon, signal strength, battery level, and a central circular button. The Twitter interface has a dark theme. At the top of the screen, a dark bar contains the word "TWEETS" in white capital letters. Below this is a navigation bar with five categories: "All" (highlighted in blue), "NASA", "Missions", "Centres", and "Astronauts".

The first tweet is from "NASA Retweeted" and is posted by "NASA Artemis" (@NASAArtemis) 5 hours ago. The tweet reads: "Engineers have replaced the seals associated with the hydrogen leak detected during the #Artemis I launch attempt on Sept. 3. The teams will inspect the new seals over the weekend and assess opportunities to launch: go.nasa.gov/3Qy9joj". It includes a small profile picture of the Artemis logo and a blue verification checkmark. A blue Twitter bird icon is also present.

Below the tweet is a photograph of a rocket launching at dusk or dawn, reflected in water in the foreground. The rocket is positioned between two silhouetted, bare trees.

Engagement metrics for this tweet are shown as 60 replies and 2,024 likes.

The second tweet is from "NASA" (@NASA) 3 hours ago. The tweet reads: "Today, @VP chaired a National Space Council meeting that highlighted the nation's science goals for strengthening STEM education, access to satellite data on Earth's climate, and". It includes a large profile picture of the NASA logo and a blue verification checkmark. A blue Twitter bird icon is also present.

Tweets_NASA

The image shows a black smartphone with a white border, displaying a Twitter feed for the NASA account. The screen is divided into several sections: a dark header bar with the word "TWEETS" in white, a navigation bar below it with tabs for "All", "NASA" (which is highlighted in blue), "Missions", "Centres", and "Astronauts". The first tweet is from "NASA Artemis" (@NASAArtemis) and is timestamped "5h". It contains a link: go.nasa.gov/3Qy9joj. The second tweet is from "NASA" (@NASA) and is timestamped "3h". Both tweets include a small profile picture of the respective NASA logo. Below each tweet is a row of engagement metrics: a speech bubble icon followed by the number "60" and a heart icon followed by the number "2,024". The background of the phone's screen is dark, and the overall image has a high-contrast, monochromatic look.

Tweets_Missions

The image shows a black smartphone with its screen displaying a Twitter interface. The screen is titled 'TWEETS' at the top. Below the title is a navigation bar with five categories: 'All', 'NASA', 'Missions', 'Centres', and 'Astronauts'. The 'Missions' category is highlighted with a blue underline. The main content area shows two tweets. The first tweet is from 'NASA's Johnson S...' (@NASA_Johnson) and is a Retweet. It mentions that Vice President Kamala Harris chaired a National Space Council meeting at NASA Johnson. The tweet includes three images: an astronaut in a spacesuit, Vice President Harris at a podium, and a close-up of Vice President Harris. The second tweet is from 'NASA Artemis' (@NASAArtemis) and is a Retweet. It announces that engineers have replaced seals associated with a hydrogen leak during the #Artemis I launch attempt. The tweet includes an image of the Artemis logo.
